

Senior College at Belfast

2016 Festival of Art

GUEST ARTIST PRESENTER • John Whalley

Noted American artist, John Whalley, is known for his remarkable realist drawings and paintings. He maintains a studio in mid-coast Maine. <http://www.johnwhalley.com/>

"I find a more genuine joy in taking everyday "unbeautiful" things, placing them in a setting and painting them in as true a way as I can, so their real beauty can be discovered by the viewer. I prefer this to taking the obviously beautiful and painting it adequately. I am after the beauty that speaks softly, is often overlooked, and yet when discovered, is a source of great pleasure".

Saturday, June 11, 2016 - 1:00 p.m.
